

**CONCEALED CARRY COURSES**  
**DON'T BE A VICTIM! BE SAFE AND STAY ALIVE!**  
**PROFESSIONAL FIREARMS TRAINING**

**FOR THOSE THAT WORK OR LIVE IN THE CLEVELAND AREA**

This is a basic 12 hr concealed carry class and **SO MUCH MORE!** It is done over a 2 day weekend **OR** in day/night classes. It is set up so that even a total novice with no firearms experience can understand all the subject matter without too much trouble and yet even the experienced shooter will learn many new things as well. It covers all the subjects the state of Ohio requires you to know in order for you to get your concealed carry permit plus much more! Even if you choose not to get a permit to carry you will at least be much more knowledgeable in the handling of firearms and feel safe in having one in your home for protection.

**Beginners and Families are as welcome here as the more experienced shooters!**

A firearm **and** ammo (22 cal) will be provided **FREE OF CHARGE** to those who don't have their own firearm to use in this class. Bigger guns are available but you must pay for their ammo. Everything else needed for this class is provided for and is **FREE OF CHARGE** even the targets, eye and hearing protection. There is how-ever a small \$10 range fee you pay at the range.

We are former **U.S. Marines with backgrounds in the Marines as Military Police Instructors, Anti-Terrorist Unit Leaders, Primary Marksmanship Instructors, Combat Infantry Leaders, and Instructors from the 1<sup>st</sup> Marine Div Combat Schools** and all of us are also (civilian) N.R.A. He also competed in National Firearms Matches as both a Marine and as a Civilian.

We have regularly scheduled classes at least 2 weekends and Day/Night classes every month. **PRIVATE CLASSES** are also offered at a very **LOW PRICE** and around **YOUR SCHEDULE** for You or Your Group, so you never have to wait long to take a class. We do suggest that you pay and get registered for a class as soon as you can because all classes are kept small to make sure you get **A Personal 1 on 1 Instructor on the range (No PUPPY MILL Training here for YOUR LIFE is to Important to us)!** Plus you do get some study materials to take home once you have paid for your class and you **NEED** some time to go over these materials. **Class cost (In a regularly scheduled class) is \$120. for 1 person or \$100. ea when you have 2 or more people taking class together. There is a \$10 fee for the range! Call us for a SPECIAL RATE for groups of 5 or more or if you are a Veteran. Generally vet's and groups of 5 receive an extra \$10. Off. N.R.A. Members get \$5.
